

Petersham Board of Health
Application for Testing Land for
Proposed Subsurface Sewage Disposal

All Applications must be submitted to the Petersham Board of Health with payment before any work is performed. If this is not done your application will be denied and another application with the entire fee will have to be submitted again.
All Real Estate taxes have to be paid and signed off by the Tax Collector.

Proposed Construction: Construction – Repair – Upgrade - Abandoned

Engineer's Name: _____ Phone Number: _____

Address: _____ Email Address _____

If this lot has been tested previously, please send a copy of the results to the Petersham Board of Health.

The owner agrees to pay the Town of Petersham for site inspection and testing of property located in Petersham. The rates for this work will be as follows:

For the first two deep holes and two percolation tests or the first two hours, whichever is shorter- \$175.00 - fee required with application.
(each additional hour of work- 65.00)

These rates are applicable to each lot tested. At the time of site examination, each deep hole will be clearly marked through flagging and/ or stakes, or by means of a point of reference in such a way that actual test locations may be easily and accurately identified in the future. An accurate and scaled plot plan of the lot being tested will be made available to the Board of Health or its agent, at the site, on the day of testing.

Signature _____

A Perc is good as long as there hasn't been a change in land use, example, culvert, sub-division nearby or pond.
